**NESTOR FALLS FLY-IN OUTPOST**

**BUSH REPORT**

## Escape to the Wilderness !

There is a hint of fall in the air and the trees are starting to show signs of fall.

The airport here in Nestor Falls is closed for the rest of the summer. They are making some repairs to the Airport and removing some trees along the runway. After these repairs are made they are going to repave the strip. Rumor has it that they might be opening up some lots for some hangers. This will be a nice improvement to Nestor Falls and

hopefully will bring in more tourist to the area.

Last week the Breckenkamp party reported that the water temperature at Cairns Lake was 69 degrees and at Kay Lake it was 72 degrees.

We have had a wonderful summer

compared to last years; but then again that wouldn't have taken much. But all in all the weather has been nice. We have had unseasonably warmer weather the last few weeks. The fishing of course is great.

The Brander party at Herod Lake reported that they almost melted it was so hot! The fishing was outstanding! Releasing over a 1000 walleyes. Gene caught 29 consecutive Walleyes on 29 casts and had to stop because he got tired of fishing. Largest Walleye was 26 inches and they caught a 5 lb sucker.

Halsted party on Larus reports of hot weather as well. The weather did not stop the fish from biting. Largest Walleye released was 24 inches and they had two 41 inch Northern.

The Bayless party released a 53 inch

The Vick party at Lount Lake which is on the English River System released a 44 inch Northern.

The Lineback party were out fishing on Cairns Lake. Tom and his boat partner both casted one gets a bite and Tom gets snagged. As Tom is getting his snag off the bottom he gets a bite. As both of them are reeling up their fish they realize that their Walleye has both jigs in the fishes mouth.

Malette is the first cabin to shut down and last week we went up north to close it down. We will slowly be shutting down the rest of the lakes over the next couple of weeks. I am looking forward to getting out of the office and disconnecting for a while. I am going to try and close the cabins as the groups leave this year to see if it easier since Dave will need to be around the office more this fall. Dave is going to busy this fall with the new cabin at Larus Lake. Yes we are going to rebuild the beach location.

I hate to see the fall come. We have so many Deer sightings around the base right now. All the Does and Fawns are crossing up on top of the hill and coming down onto the septic field to eat the grass. I need to get a high powered camera lens so I can get some good photos. They are so cute running around playing with each other. Don't you just love to see nature.

I would like to take this time to remind our customers that your deposits are due October 1st. Since the new tax laws came into effect July 1st with the new Harmonized Tax our accountant has informed me that if we are going to be refunding the HST tax our deposits will need to be a \$400 deposit per person for 2011.

We are in some very tough economic times with this being said Dave and I are keeping the stimulus package again this year along with holding our pricing the same as the last 2 years to help with the cost. We are now taking new reservations for the 2011 fishing season.

Till Next Month

# Tickle your Funny Bone

A lawyer and a senior citizen

Sent in by Fred Kolb

A lawyer and a senior citizen are sitting next to each other on a long flight.

The lawyer is thinking that seniors are so dumb that he could get one over on them easy.

So the lawyer asks if the senior would like to play a fun game. The senior is tired and just wants to take a nap, so he politely declines and tries to catch a few winks. The lawyer persists, saying that the game is a lot of fun. I ask you a question, and if you don't know the answer, you pay me only \$5. Then you ask me one, and if I don't know the answer, I will

pay you \$500, he says. This catches the senior's attention and, to keep the lawyer quiet, he agrees to play the game.

The lawyer asks the first question. 'What's the distance from the Earth to the Moon?' The senior doesn't say a word, but reaches into his pocket, pulls out a five-dollar bill, and hands it to the lawyer.

Now it's the senior's turn. He asks the lawyer, 'What goes up a hill with three legs, and comes down with four?' The lawyer uses his laptop and searches all references he can find on the Net. He sends

e-mails to all the smart friends he knows; all to no avail. After an hour of searching, he finally gives up. He wakes the senior and hands him \$500. The senior pockets the \$500 and goes right back to sleep.

The lawyer is going nuts not knowing the answer. He wakes the senior up and asks, 'Well, so what goes up a hill with three legs and comes down with four?' The senior reaches into his pocket, hands the lawyer \$5, and goes back to sleep.

## Up date on Ryan

By Nana Beaushene

Ryan is now 20 months old and has all of his teeth. He is airplane crazy and loves spending time at the base. I say that is from sitting in front of the glass door all last summer watching them come and go. His first visit is always to the dock to look at each of the planes and if he is lucky someone lets him climb into the cockpit to have a look. Then it is off the garage to get into Papa's tool box and believe me he knows the difference between Papa's screw drivers and his. If we have time after that it is off to the 4 wheeler and if he is lucky Grandma will take him for a ride. I tease Kasey that I am going to make him my bird retriever this fall. He is a real boy I tell you.

He is saying a few words now. Plane of course is his favorite, Papa, boat, water, no and yeh are a few of the words he says. Mom stands for Mom or Grandma at this point. Of course Grandma is trying to teach him Nana.

When you guys were telling me about the wonderful world of Grandparenting I didn't really think that it could be this great. We sure do love this little man.
